British Columbians will vote by mail in the 2018 Referendum on Electoral Reform from October 22 to November 30, 2018. The referendum is being held to decide what voting system we should use for provincial elections.

We're updating the voters list to help make sure every eligible voter gets their referendum voting package in the mail. Voting package deliveries start in late October.

If you've never registered to vote, or if you've moved or your name has changed recently, visit our website or call us to make sure your voter information is up to date.
